Young children need the opportunity to use their whole body and develop their gross motor skills.

As a result, children playing outside can have a positive impact.

The Play Strategy says: 'Open space allows children to be physically active and challenge themselves so they sleep and eat well and form healthy habits that will stay with them for life.'

We also know babies sleep better at night if they've had some fresh air and sunshine during the day, according to a study called The Relationship between Daytime Exposure to Light and Night-time Sleep in 6-12 Week Old Infants.

It's amazing how fresh air can blow away the cobwebs and make a world of difference to how you feel as well – especially on days when you haven't had much sleep or your child is feeling a bit grumpy or grizzly at home.

Getting outside is also an opportunity to get some exercise and meet friends.

Gross motor movements are categorized into 3 ways:

- 1. Locomotor activity** — movement from one spot to another. Examples: walking, running, climbing, leaping, jumping, hopping, galloping, sliding, and skipping.
- 2. Non locomotor activity** — movement in a stationary place. Examples: pushing, pulling, bending, stretching, twisting, turning, swinging, swaying, rising, and falling.
- 3. Manipulative skills** — moving objects in a variety of ways. Examples: throwing, kicking, striking, and catching.

We offer ActivePlay to little ones aged 2-10 years Mondays-Saturdays.

FunkyKidz and the instructors are not responsible for lost, stolen or damaged items.

Adult and children's T-shirts are available for purchase.

Terms and conditions

We make every reasonable effort to ensure the safety of children at FunkyKidz.

FunkyKidz and their instructors cannot be held responsible for any injuries incurred during class.

I agree that my child will take part in all activities at my own child's risk.

COOKING

Little 
Chefz Play
FUNKYKidz
MESSYPLAY • ACTIVEPLAY • LITTLE CHEFZ PLAY

GOOD NUTRITION IS VERY IMPORTANT AND TEACHING CHILDREN FROM AN EARLY AGE TO EAT HEALTHILY IS A VERY GOOD FOUNDATION FOR A HEALTHY LIFESTYLE, WHICH WILL CONTINUE INTO ADULTHOOD. TEACHING THEM TO PREPARE THESE HEALTHY MEALS IS AN EXCELLENT WAY TO GUIDE THEM TO EAT NOURISHING FOOD”

Learning to cook is one of the most important [life skills](#) every child should learn.

8 REASONS WHY KIDS SHOULD BE IN THE KITCHEN

1. Learning to cook is an essential life skill.
2. Learning to cook empowers kids to be more independent.
3. Cooking is an outlet for creativity.
4. Cooking encourages healthy eating. They are more likely to eat what they've had a hand in preparing.
5. Cooking introduces kids to a variety of fresh foods and interesting ways of preparing and cooking those ingredients.
6. Cooking teaches language skills (cooking vocab like sauté and simmer), maths (measuring, weighing, fractions), and science (by mixing bicarb and acid and heat, the cake rises).
7. Kids learn how to read and follow step by step instructions.
8. It's fun.

Encourage the child's interest and even excitement in healthy foods by teaching them how to cook *safely* with a guide of age-appropriate kitchen activities.

In our Little Chefz play classes, we teach our kids how to cook and eat healthy meals and how to work safely and hygienically in the Kitchen. All this is done in a fun, relaxed and safe environment. They then get to eat these lovely healthy meals that they have prepared. We offer these classes once a week.

Our programme helps build self-confidence, independence and helps with Academics in Science (mixing bicarb, acid and Heat), Maths, (measuring weighing, fractions), and English language skills, (cooking vocab like sauté and simmer) etc.

Little Chefz Play is a necessity to help your little ones become creative, independent and confident in the kitchen. We cater for kids form 2 ½ years to 12 years of age. Adults and children's aprons are available for purchase.

Terms and Conditions

We make every reasonable effort to ensure the safety of children at FunkyKidz. FunkyKidz and their instructors cannot be held responsible for any injuries occurred during classes.

I agree that my child will take part in all activities at my own child's risk.

BEING A FUNKYKIDZ MESSY PLAY INSTRUCTOR HAS CHANGED MY LIFE IN SO MANY WAYS.

I LOVE KIDS AND HAVE BEEN IN CHILDCARE FOR OVER 15 YEARS NOW.

WHEN I WAS SENT THE INFORMATION ABOUT MESSY PLAY I WAS SO EXCITED AND HAD TO SIGN UP AS SOON AS I COULD. I WANTED TO DO IT FULL TIME AND BRING JOY TO A LOT MORE KIDS THAN JUST THE FEW I LOOKED AFTER.

AS IT TURNS OUT IT WAS ONE OF THE BEST DECISIONS MADE. KIDS ARE ALLOWED TO MESS WITHOUT BEING TOLD NO, BECAUSE LETS FACE IT A MESS IS JUST NOT FUN FOR A PARENT, BUT THAT'S WHY ITS SO GREAT TO BE ABLE TO PROVIDE A SAFE ENVIRONMENT WHERE KIDS CAN BE AND DO WHAT THEY LOVE MOST, BEING MESSY.

WHEN I GO TO MY SCHOOLS WHERE I DO MESSY PLAY, THE KIDS FACES LIGHT UP, I MAKES MY DAY. WHEN I HAVE MESSY PLAY CLASSES AT HOME THE KIDS DON'T WANT TO LEAVE WHICH MAKES IT EVEN MORE ENJOYABLE.

THANK YOU TO FUNKYKIDZ FOR THIS AMAZING OPPORTUNITY. AND I LOOK FORWARD TO MANY MORE HAPPY MESSY PLAY DAYS AHEAD

Jaclyn Pillay

"I am a mom to a 2 year old princess. In 2017 I was looking for a way out of my job in retail. Retail life left me with very little time for my loving husband and I was missing out on my daughter's life. That's when I came across FunkyKidz. Chantal shared amazing info on Messy Play and I knew right away it was the perfect fit for my family. Since joining in Dec I went from having 2 classes a month to 2 classes a week. From 1 May I will be running classes from Tues - Sat at a 5star hotel in Umhlanga. The most rewarding part of being a FunkyKidz instructor is seeing the kids get so shocked that they are allowed to mess to their hearts content. FunkyKidz has allowed me to work with passion while being a SuperMom and SuperWife. Thank you Chantal and team."
