Join a FunkyKidz Educational class in your area now.

Messy play classes – we engage in sensorpathic activities. These activities help develop all learning areas. Kiddies learn through play and we encourage that. Our classes are from 4months to 8 years. Our classes are perfect for mom and tot gatherings. This is a perfect time to bond with your little one and meet other moms. We have messy play classes all over SA. So join in one now. We also give a free messy play class, ask us for a voucher.

8 REASONS WHY KIDS SHOULD BE IN THE KITCHEN

1. Learning to cook is an essential life skill.
2. Learning to cook empowers kids to be more independent.
3. Cooking is an outlet for creativity.
4. Cooking encourages healthy eating. They are more likely to eat what they've had a hand in preparing.
5. Cooking introduces kids to a variety of fresh foods and interesting ways of preparing and cooking those ingredients.
6. Cooking teaches language skills (cooking vocab like sauté and simmer), maths (measuring, weighing, fractions), and science (by mixing bicarb and acid and heat, the cake rises).
7. Kids learn how to read and follow step by step instructions.
8. It's fun.

Try out this delicious Chocolate Mousse Cake as a cheat treat:

Chocolate Mousse Cake

Ingredients

1 Litre full cream Milk

100 ml heavy cream

50g cocoa powder

50g corn flour

150 g sugar

Whisk the above ingredients together, strain. Pour into a pot and heat until mixture thickens, melt 300g dark chocolate into the heated mixture. Refrigerate for 4 hours. Coat it with more cocoa powder. Slice. Serve.
